Dear ICCF Delegates and Officials

January 2, 2018

According to ICCF Statute 22(1), and the ICCF Voting Regulations and Electoral Procedures, paragraph 5, the following procedures and timescale will apply for mid-term appointments to the ICCF Executive Board.

1. Nominations are invited from respective Member Federations for the following position:

Finance Director

It is the right of each member federation to nominate candidates for the above position, providing that:

1. The nominee is a current member of their Federation (which must be a full ICCF Member Federation), and
2. The nominee has confirmed his or her willingness to be nominated.

Nominations from Member Federations should be sent to the General Secretary, Michael Millstone, to reach him no later than February 7, 2018.

Each nomination should include a written declaration from the candidate indicating his or her willingness to be nominated, along with a personal statement (optional) providing information in support of his or her candidacy.

When all nominations have been received, the information will be issued to all member federations before February 15, 2018, to enable them to consider all the candidates and decide upon voting preferences. The voting will be conducted immediately after that via e-mail, with a voting deadline of March 1, 2018. A candidate receiving more than 50% of the votes cast will automatically be declared elected (if no candidate receives more than 50% of the votes, a second round of voting will be conducted).

The announcement of the winner will take place immediately after the election, and because the position is vacant, the winner will assume the position immediately.

If no nomination is received from the Member Federations for any Executive Board or Auditor position, the Executive Board will be empowered to appoint a Finance Director.

Personal statements of candidates should not be published in commercial magazines/internet sites, etc. until after they have all been circulated by ICCF to the official delegates of member federations.

Election campaigning/soliciting for votes, etc. should not take place until after the complete list of candidates, accompanied by their personal statements, have been officially released by ICCF, as is indicated above.
